

Management and Oversight of Acquisition of Services Process (MOASP)

18 Nov 03

**Ms Terry Schooley
AFSPC/PKP**

Overview

- **Current Air Force MOASP**
- **Current Draft AFSPC MOASP**
- **What Happens Next?**

Current Air Force MOASP

- **Purpose**
- **Applicability**
- **Pre-Award Management Controls**
- **Post-Award Management Controls**
- **Other Items of Interest**

Current Air Force MOASP

- **Purpose**

- **Implements para (d) of Section 801 of the NDAA for FY02 (P.L. 107-107)**
- **DoD policy guidance issued by memorandum dated 31 May 02, titled "Acquisition of Services"**
- **Establishes responsibilities and thresholds of the AFPEO/SV**
- **Bottom line: Implements Congressionally mandated senior level oversight and review of large dollar services acquisitions and contracts/programs**

Current Air Force MOASP

- **Applicability**
 - **Applies to:**
 - **All** services acquisitions
 - **Regardless of source (e.g. MIPRs, GSA FSS and FTS, etc.)**
 - **Total planned value >SAT**
 - **Threshold for Acquisitions/Contracts with the AFPEO/SV as the Designated Official (DO)**
 - **All services with a total planned value of \$100M to \$500M**
 - **AF MOASP says Designated Official for acquisitions >\$500M and <\$2B is the AFAE; however, Dr. Sambur, AFAE, has delegated responsibility for all services >\$100M and <\$2B to Mr. Beyland**
 - **Any A-76 study involving 300 or more FTEs**
 - **Any acquisition below above the thresholds designated as “Special Interest” by the AFAE or the USD(AT&L)**

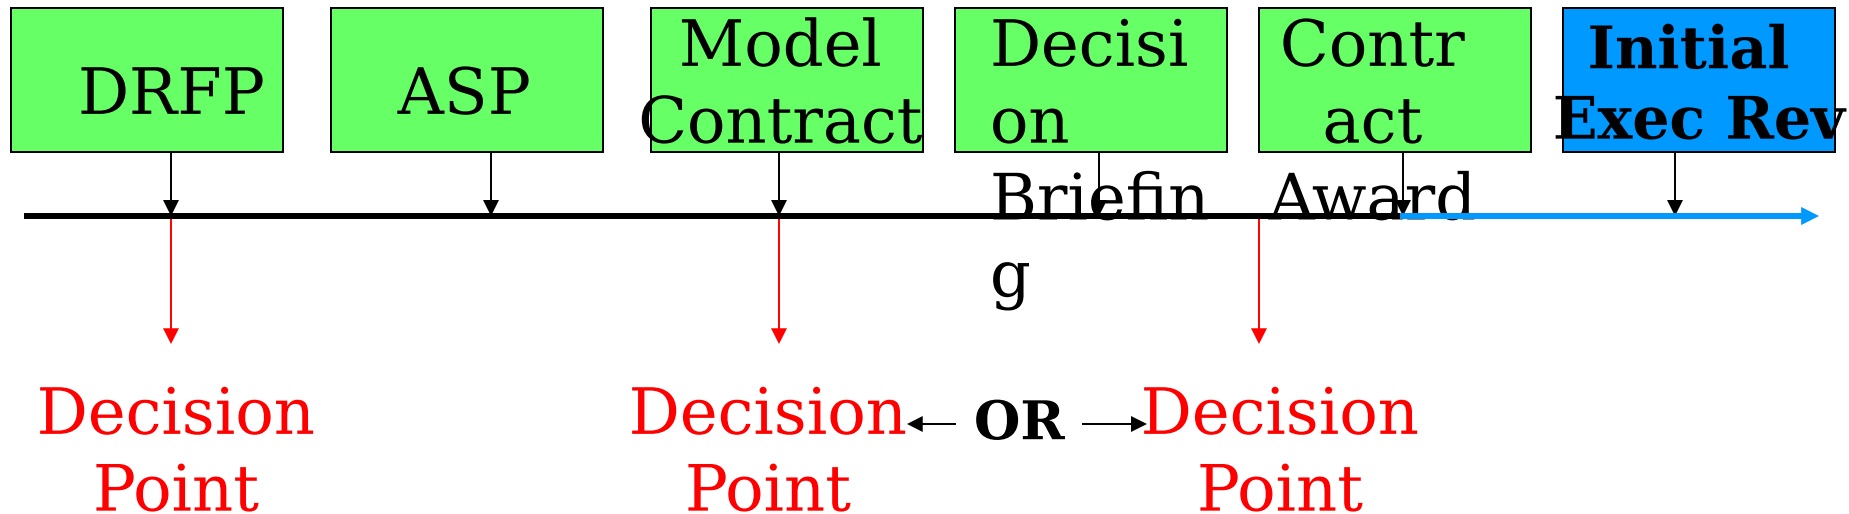

Current Air Force MOASP

- **Responsibilities of a Designated Official (DO)**
 - **Approval Decision for All Acquisition Strategies IAW OSD Thresholds**
 - **Assure Contracts Are Performance-Based**
 - **Assure Contracts Have Clearly Defined and Measurable Outcomes**

Current Air Force MOASP

Current Air Force MOASP

- **Responsibilities of a DO (con't)**
 - **Essential Reviews**
 - **Ensure Appropriate Contract Procedures**
 - **Establish Procedures for Data Analysis Reporting (Above SAT)**
 - **Approve Any Task Order/Contract That Is Not Performance-Based (Above SAT)**
 - **Approve Any Task Order/Contract (Above SAT) Issued Outside DoD**
 - **Reviews Can Be Delegated – Decisions CANNOT**

Current Air Force MOASP

- **Pre-Award Management Controls**
 - **All services acquisitions shall have outcome-based objectives and appropriate metrics**
 - **Objectives and metrics shall be included in the AP, ASP, DRFP/RFP and the final contract/Management Plan (if the MEO selected)**
 - **An AP is required to be completed**
 - **Unless delegated the AFPEO/SV will be the SSA, the ASP Chairman and AP Approval Authority**
 - **Designated Official (AFPEO/SV) will review and certify to outcome-based objectives as part of AP approval and either before FPR release or after Decision Brief and before contract award**

Current Air Force MOASP

- **Post-Award Management Controls**
 - **For newly awarded contracts, AFPEO/SV will review within 30 days of new contractor's full assumption of contract workload**
 - **Negative variations in cost, schedule and/or other significant performance metrics should be reported**
 - **Include explanations for variances and assessment of contractor's corrective action plan**

Current Air Force MOASP

- **Post-Award Management Controls**
 - **For all existing contracts, AFPEO/SV will review annually at end of each year of performance**
 - **Cost and schedule variances or significant negative performance should be addressed, including causative explanations and future expectation of performance**
 - **Any services experiencing significant variances in cost, schedule or performance is subject to special review at discretion of the AFPEO/SV**

Current Air Force MOASP

- **Other Items of Interest**
 - **Air Force will use**
 - **DD350 system to provide data for internal acquisitions**
 - **Federal Procurement Data System (FPDS) to provide data for acquisitions by non-DoD agencies**
 - **Manual reporting as required to provide supplemental information for acquisitions from any source**
 - **FAR 37.101 considers a services contract to be any acquisition that is not for an item of supply (i.e. includes R&D)**
 - **AF MOASP**
 - **Does apply to services in other PEO's portfolios**
 - **Does not apply to NAF Services, Construction, A-E, and Housing/Utilities Privatization**

Overview

- **Current Air Force MOASP**
- **Current Draft AFSPC MOASP**
- **What Happens Next?**

Current Draft AFSPC MOASP

- **Purpose**
- **Applicability**
- **Pre-Award Management Controls**
- **Post-Award Management Controls**
- **Other Items of Interest**

Current Draft AFSPC MOASP

- **Purpose**
 - Implements AF MOASP processes for AFSPC
 - Outlines role of AFSPC/PK in the AFPEO/SV process
- **Applicability**
 - All services acquisitions within AFSPC
 - Regardless of source (e.g. MIPRs, GSA FSS and FTS, etc.)
 - Total planned value >SAT but less than \$100M
 - A-76 involving less than 300 FTEs
 - Does NOT apply to services acquisitions within the portfolio of the PEO for Space (SMC/CC)

Current Draft AFSPC MOASP

- **Pre-Award Management Controls**
 - **Reads very similar to AF MOASP**
 - **Re-emphasizes outcome-based objectives and metrics for the acquisition requirements or the MEO Management Plan**
 - **Re-emphasizes requirement of the designated official to review and certify to outcome-based objectives as part of AP approval and either before FPR release or after Decision Brief and before contract award**
 - **Re-emphasizes the acquisition processes/procedures included in the AFFARS/AFSPCFARS**

Current Draft AFSPC MOASP

- **Post-Award Controls**
 - **For newly awarded contracts, the Designated Official will review within 30 days of new contractor's full assumption of contract workload, looking for same issues as AF MAOSP**
 - **For existing contracts, review and report format will be applicable award fee documentation, and CPARS information review**
 - **Intent is to maximize use of existing tools and make those tools more useful without creating additional undue burden and requirements on the multi-functional team or BRAG**
 - **Any services experiencing significant variances in cost, schedule or performance is subject to special review at discretion of the AFPEO/SV**

Current Draft AFSPC MOASP

- **Other Items of Interest**
 - **Designated Officials are defined as the HCA or any individual that has been delegated certain HCA responsibilities**
 - **Review/Approval thresholds are based upon the individual unit's/organization's clearance threshold up to \$100M (see para. 5.a.)**

Current Draft AFPSC MOASP

- **Other Items of Interest**
 - **AFSPC/PK role in AFPEO/SV level acquisitions and contracts**
 - **Concurrent copy of all documents submitted to the AFPEO/SV for review shall be submitted to the appropriate Staff Analyst for a concurrent review**
 - **Copy of all comments shall be submitted to the Contracting Officer and the AFPEO/SV upon completion of AFSPC/PK review**
 - **Keep AFSPC/PK staff involved and informed by sending courtesy copies of all email and including Staff Analyst in all meetings**

Overview

- **Current Air Force MOASP**
- **Current Draft AFSPC MOASP**
- **What Happens Next?**

What Happens Next?

- **MAJCOM MOASP reviews and approvals by AFPEO/SV on-hold due to PEO/DAC transformation**
 - **AFPEO/SV expects changes to the AF MOASP as a result of transformation**
- **AFSPC/PK establishing list of programs within AFSPC MOASP thresholds to begin annual review.**
- **Wings/Centers will be tasked to develop their own MOASP for all services acquisitions within their thresholds (SAT-\$1M or SAT-\$10M) after approval of AFSPC MOASP**
- **Bottom Line: Begin to implement AFSPC MOASP even though only a draft and be prepared to develop MOASP**

Questions??
